Events for SIdE members

SIdE Summer School 2017

The deadline for applications to the Summer School has been **extended to May 31**. More information available at: www.side-iea.it/events/summer-schools.

Non-Parametric Bayesian Models for Big Data and Macro/Finance

Perugia, July 10-14

Lecturers: Tamara Broderick (Massachusetts Institute of Technology) and Joshua Chan (University of Technology Sydney).

High Dimensional Econometrics

Perugia, July 17-21

Lecturers: Anders Bredahl Kock (Aarhus University and CREATES) and Mehmet Caner (Ohio State University).

SIdE WEEE 2017

Applications to the 5th edition of the SIdE Workshop for PhD students in Econometrics and Empirical Economics (WEEE) are now open, deadline May 21. For more information, please visit <http://www.side-iea.it/events/workshops>

Workshop for PhD students in Econometrics and Empirical Economics

Perugia, August 31 – September 1

The workshop aims at giving junior researchers an opportunity to present their research project and receive feedback from senior reviewers and from the audience of the workshop. It also wants to provide a natural prosecution to the introductory and advanced courses in econometrics for PhD students organized by the SIdE-IEA. A wide range of topics on econometrics and empirical economics can be submitted for presentation at the workshop. Contributions in business disciplines and applied marketing are also warmly encouraged for submission.

SIdE PhD Courses 2017

Open seats are still available for the following courses. Please contact info@side-iea.it for further information.

- *Introductory Econometrics*; Bertinoro (FC), June 25 - July 1
- *Introductory Time Series and Financial Econometrics*; Bertinoro (FC), July 3-8
- *Bayesian Methods in Economics and Finance*; Perugia, September 11-15

For additional details, please visit www.side-iea.it/events/postgraduate-courses.

Workshop & Conferences around the world

The following events might be of interest to our members.

Summer School in Computational Econometrics

Lecce, July 24-28

The XV edition of the Summer School in “Computational Econometrics” will be held at the “Dipartimento di Scienze dell'Economia” of the University of Salento (Lecce, Italy) from July 24 to July 28, 2017. The main aim of this 30 hours course is to provide an introduction to applied macroeconomics and macroeconometrics with MATLAB. In addition, Waf, a Python-based project-building framework will be introduced.

Lecturer: Prof. Dr. Ulrich Woitek, Department of Economics, University of Zurich.

Deadline for application: 30 June 2017.

For details visit: <http://www.seec.unisalento.it>

16th International Conference CREDIT 2017

Interest Rates, Growth and Regulation

Venice, 28-29 September 2017

GRETA Associati (Venice, Italy), the European Investment Fund (Luxembourg) and Intesa Sanpaolo (Milan, Italy) are co-sponsors of a Conference to be held in Venice on September 28-29, 2017. The objective of the Conference is to bring together academics, practitioners and PhD students working in the area of risk management. The Conference, organised under the auspices of the Department of Economics of the University Ca' Foscari of Venice, ABI - Italian Banking Association and European Investment Bank, is the sixteenth of a series dedicated to various aspects of credit risk.

More detailed information available on the Conference website:

New Books and Publications in Econometrics

Introduction to the theory of econometrics

By Jan Magnus

A new book "Introduction to the theory of econometrics" by Jan Magnus is now available. The book presents a course on the fundamentals of econometric theory, based on lectures Jan gave to second-year undergraduates who have learned some calculus, matrix algebra, and statistics (but no econometrics) in their first year. The book is also suitable as an introduction to econometrics for Master's and PhD students.

A free preview is available at:

<http://www.janmagnus.nl/misc/magnus-preview.pdf>

For more information please visit the publisher website:
