

SIdE is pleased to announce the

5th Italian Workshop of Econometrics and Empirical Economics:

“New Directions in Panel Data Econometrics”
(IWEEE 2026)

Ancona – Marche Polytechnic University
16-17 January 2026

The workshop focuses on methodological advances and innovative applications of state-of-the-art econometric methods for analyzing panel data; it aims at bringing together econometricians, economists and statisticians to communicate and discuss the current developments in all fields of econometrics.

The conference organizers welcome submissions of both empirical and theoretical research.
